REMARKS

On November 28, 2001, Applicants filed the above-identified application with the U.S.P.T.O., including, among other items, 45 sheets of informal drawings. Applicants enclosed a postcard with the application, return receipt of which serves as a verification to the Applicants that the U.S.P.T.O. received the application with the contents itemized on the postcard.

As part of the Notice of Missing Parts mailed December 17, 2001, it is stated that Figs. 28B, 29-34, 35A, 35B, 36A, 36B, 37, 38A, 38B, 39A, 39B, 40, 40A, 41A, 41B, 42, 43A-43C appear to be omitted in the originally filed application wherein the total number of drawing sheets would have been 29 rather than 45.

We hereby offer evidence that the application, including all 45 sheets of informal drawings, and accompanying documents were timely filed on November 28, 2001 and request that the entire set of informal drawings be accorded the same filing date of November 28, 2001.

Enclosed is a true copy of the Express Mail receipt with mailing no. EL387639659US, indicating "Date In: 11-28-01" and postmarked as such. This receipt indicates that the application and accompanying documents, were timely mailed to Box Patent Application, Assistant Commissioner of Patents and Trademarks, Washington, DC 20231-0001 on November 28, 2001.

Also enclosed is a true copy of the postcard sent in with the application to show that all documents were mailed together, including 45 sheets of informal drawings,

on the same date, as can be seen from a comparison of the Express Mail mailing no. on the postcard and Express Mail receipt. A true copy of the same postcard returned from the U.S.P.T.O. acknowledging receipt of all items listed on the postcard, including 45 informal drawings sheets, is also included. The U.S.P.T.O. provided these items the application number 09/998004 and filing date of November 28, 2001, as shown by the barcode sticker.

Enclosed is a true copy of the Application Transmittal letter specifying 45 total sheets of Drawings, a true copy of the Application Data Sheet, specifying 45 total drawing sheets and a true copy of the 45 original drawings included in the application each sheet having a label specifying the sheet number out of 45 total sheets.

In addition, a request for corrected filing receipt is included to correct the number of drawings to specify 45 drawings rather than 29 drawings.

In view of the evidence provided herein establishing that all 45 drawings of the above-identified application were timely filed by Express Mail deposit with the U.S. Postal Service on November 28, 2001, Applicants respectfully request that all 45 drawings of said application be accorded the filing date of November 28, 2001.

CONCLUSION

If the Examiner believes a telephone conference would expedite prosecution of this application, please telephone the undersigned at 650-326-2400.

Respectfully submitted,

Lynn M. Thompson

**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
